

A close-up, top-down photograph of a small Chihuahua dog lying on its back on a lush green lawn. The dog has large, upright, brown ears and a white blaze on its face. Its mouth is wide open in a happy expression, showing its pink tongue and white teeth. It is wearing a red leather collar with a silver buckle. The background is a dense field of green grass.

FirstCoast.Life

Dear Pet Lover

First Coast Life Digital Magazine is preparing a series of stories on **rescue pets** to bring awareness in the community of the overcrowded homeless pet rescue shelters. In this series, a predesigned set of interview questions will be directed to both the rescued pet AND the pet owner! It is a light-hearted attempt to evoke compassion, understanding, and awareness of the issue while being entertaining at the same time.

A minimum of 20 stories will be published over six months (December 2024 - June 2025), but depending on how many pet owners respond that number is expected to rise.

Your sponsorship will brand you as a community advocate for compassion to the homeless pet problem and endear you to your potential customers. First Coast Life will put your brand and involvement in front of the people who do business in our community.
